

SIHL 3598 Roll up Film plus 205 SB Satin
205ums - 914, 1067, 1250mm x 50M PVC free film with tear resistant and anti-reflective satin surface.

SYNTHETIC BACKLIT & CANVAS

Sapphire Backlit SO650 / SO600 SO650
Gloss 205ums - 1270mm x 30M, 1270, 1524mm x 100M SO600
Matt 205ums - 1270, 1370mm, 1520mm x 30M
Advanced polyester film designed for light box applications.

Sapphire PET Backlit Latex TEU300
255gsm/185ums - 1270, 1524mm x 100M, 1370, 1524mm x 50M
A thick backlit film making insert easier into the panels.

SIHL 3560 Backlit Film Plus 220 Satin
1370, 1520mm x 30M
Film is used for high-contrast lightbox advertising.

SIHL 3385 Vincent Canvas
380gsm - 1372, 1524mm x 15M
Cotton and polyester blend with quick dry and splash proof print surface

RIGID DISPLAY BOARDS

Claycote B | E | E/B | C Flute
Various thickness and sizes available
Corrugated boards for variety of applications.

D Board Plus
1mm - 760 x 1020 | 1040 x 1560 | 1220 x 2440mm
1.5mm - 760 x 1020 | 1040 x 1560 | 1220 x 2440mm
2mm - 760 x 1020 | 1040 x 1560 | 1220 x 2440mm
3mm - 1220 x 2440mm
Australian made quality screen board.

Eco Display Board
5mm, (white with white core) 1530 x 3050mm
3, 5, 10, 16, 20mm (white with kraft core) 2440 x 1220mm
10, 16, 20mm (kraft with kraft core) 2440 x 1220mm
10, 16mm (black with black core) 2400 x 1200, 2440 x 1220mm
Highly dense and versatile honeycomb board versatile across many applications.

Masterbond
3 mm - Black | White (Matt/Gloss) 1220 x 2440 | 1220 x 3050 | 1500 x 3050mm
3mm - Primer (Primer/Primer) 1220 x 2440mm
1.5mm - White (Matt/Primer) 1830 x 1220mm
Premium aluminium composite panel.

Onyx Flute & Smooth Board
Various thickness and sizes available
Twin wall PP sheet for conversion into signage.

Palight & Palboard PVC Board
2, 3 and 5mm - 1220 x 2440mm (Palight)
2 and 3mm - 1220 x 2440mm (Palboard)
Ideal foam PVC board made specifically to cost effectively meet the stringent requirements of the large format print imaging industry.

POP Foam Board
5, 10 and 20mm - 1220 x 2440mm
Lightweight polystyrene foam board.

Shark Skin Wet Strength Board
1.5 and 2mm, 1220 x 2440mm
Australia made board designed for high humidity and challenging environments.

Store Banner Opacified Board
1320, 1600mm x 100M
High opacity no show through board even with backlighting.

Warrior Board
3mm - 2050 x 1280mm
5mm - 2440 x 1220mm
Double sided PP face sheet with black PP bubble core board.

Wide Format Equipment

The HP range of wide format Latex printers delivers application versatility, high quality, productivity and end-to-end sustainability.

Print on almost any substrate and produce scratch-resistant, durable prints with HP Latex inks. Prints come out dry and ready-to-use with outstanding colour quality and consistency for the most demanding applications.

The range includes production printers, print & cut solutions, hybrid rigid printers and industrial printers with print widths up to 3200mm. All feature water-based, odourless inks suitable for a wide range of indoor and outdoor applications.

Ball & Doggett also supports the complete production workflow with finishing solutions including digital cutting tables, routers and laminators — enabling efficient production of signage, retail displays and rigid board applications.

For more information on our complete wide format equipment and finishing solutions, speak with your Ball & Doggett Sales Executive.

Latex Printable Media Guide

PAPER

CityLight HQ200 Poster Paper

1320mm x 50, 100M

Paper contains wet strength properties and is water resistant with high levels of whiteness, excellent transformation, transparency, stability and printability which is essential for backlit applications.

Novatech Satin Rolls

1320, 1600mm x 50, 100, 200M

Coated paper made carbon neutral.

BANNER & FABRIC

Ecobanner

1600, 3200mm x 50M

Australian made PVC free flexible banner – free from toxins including lead, phthalate BPA, BPS & PFAS.

Sumo Banner Mesh Unlined

1600, 1830, 2040, 3200mm x 55M

High strength PVC mesh banner without liner (unlined).

Sumo Banner Mesh with Liner

1370, 1600, 2040mm x 50M

High strength mesh with a PVC liner.

Sumo Black Back PVC Banner – SBW13

1370mm x 50M

Single sided gloss with black back. great print quality and tear resistance designed for indoor or outdoor applications.

Sumo PVC Banner – SFF1516

1370, 1620mm x 50M

Frontlit matt single sided print PVC banner complimented with exceptional print quality and outdoor durability.

Sumo Blockout PVC Banner – NSBO18

610gsm – 1370, 1600mm x 50M

500x500 denier opaque matt surface for both side display.

Sumo PVC Laminated Banner – SFF13

1370, 1600, 1620mm x 50M

Frontlit gloss finish PVC banner complimented with exceptional print quality and outdoor durability.

Sumo PVC Free Weldable Banner

350gsm - 3200mm x 50M

PVC Free and phthalate free, frontlit banner with the performance, look, and feel of traditional PVC, it is a viable substitute for all indoor and outdoor banner applications.

SELF ADHESIVE VINYL

Avery Dennison

All grades - commonly 1370, 1520mm x 45, 50M

Extensive range cast, polymeric and monomeric self-adhesive films to suit all method of applications.

Metamark

All grades - commonly 1370, 1600mm x 50M Extensive range cast, polymeric and monomeric self-adhesive films to suit all method of applications.

Mastertac Plus

All grades – commonly 1370, 1520mm x 50M Innovative monomeric and polymeric self-adhesive films to suit all method of applications.

WINDOW

Avery Dennison MPI Dusted Glass Easy Apply RS

1370mm x 50M

Suitable for digital and computer cutting to create a dusted effect on glass.

Avery Dennison SF 100 Ultra Clear

1372mm x 91.4M

Ultra transparent film featuring a printable polyester face.

Metamark M4-OF Frost

610, 1220, 1600 widths Opal etch effect 80ums monomeric film and allows 85% of light transmission. Suitable for digital and computer cutting.

Metamark M7-OH Opal Haze

610, 1220, 1600 widths Opal etch effect 80ums polymeric film and allows 75% of light transmission. Suitable for digital and computer cutting.

Metamark M7-CR Crystal, M7-DE Dusted, M7-SE Silver Etch

610, 1220, 1600 widths 70ums polymeric film and allows 56% of light transmission and offers a subtle glitter effect. Suitable for digital and computer cutting.

Spider Dot

1370mm x 50M

Installation made super easy with a dot shaped removable adhesive.

REPOSITIONABLE

Catalina PVC Electrostatic

1370mm x 45M, 1524mm x 91.44M

A soft PVC film designed to adhere to polished surfaces like glass and enamel. Available white or clear and had no adhesive.

Gecko PET Optically Clear – Ultra Removable

1524mm x 50M

Optically clear polyester window graphic film.

Jellyfish Solvent PET Optically Clear

1370mm x 30, 50, 200M

Polyester optically clear film using resin technology to prevent residue after removal.

Jellyfish PP White

1370mm x 25, 50, 100M

Thicker based polyester white film using resin technology to prevent residue after removal.

Yupo Octopus Eco Solvent WKE250

1270mm x 20M

100% bubble free and new generation suction type film - leaves no residue.

Yupo Octopus UV Inkjet WKO280 (outdoor)

1270mm x 50M

100% bubble free and new generation suction type film - leaves no residue designed for outdoor application.

ONE WAY VISION

Clear Focus One Way Vision – AutoVue & PromoVue

1370, 1520mm (Width)

Dual layered film with a gloss white printable side and a clear adhesive side.

Mastertac One-Way Vision Polymeric

1370mm x 50, 250M

Economical grade 1.5mm hole with 40% open area for promotional window graphics.

Avery Dennison MPI 2529 Perforated

1370mm x 50, 100M 1.5mm hole with 40% open area for promotional window graphics.

WALL GRAPHIC

Avery Dennison MPI 2600 Wall Film Series

Available Canvas, Stone, Stucco and White Matt* Finish

– 1372mm x 22.86M, 1372mm x 45.7M* only

Matt white high performance polymeric calendered vinyl also available in 3 dimensional textures.

Catalina Wall Graphics

1370mm x 45M

White matt vinyl used for internal walls where clean removability is required.

Fusion Tex

1370, 1524mm x 30M

100% woven polyester fabric with a tinted adhesive used as an alternative to traditional wall paper.

Metamark Wall Art

1370mm x 30M

Repositionable Décor Wall Covering available Sandtex textured weave finish giving impactful graphics with deep tones, and excellent opacity with Metascape adhesive air channels for easy install handling.

SIHL 2515 Prepasted Non Woven

1067, 1370mm x 51M

Prepasted non-woven wall film with a satin finish.

FLOOR GRAPHIC

EZ Floor (R10)

1372mm x 25M

White polyester textured film with R10 certified slip rating ideal for indoor floor graphics.

MasterTac Alu-Foil Floor Graphic (R13)

1220mm x 15M

Print direct on this textured floor laminate with an aluminium adhesive suitable for outdoors.

MAGNETIC

MagneGrip Ino-Mag Magnetic Film

1370mm x 30M

Pre-magnetised media perfect for short run, on demand and personalised magnets.

MagenGrip PVC Free Fridge Magnet

1220mm x 15M

PVC Free composition with excellent machinability and can be easily drilled, cut, punched and cut.

MagneGrip Receptive Ferrous Synthetic

1370mm x 50M, 1524, 1626mm x 30M

Made from iron powder, flexible and has the characteristic of flexible magnetic sheet.

MagneGrip Vehicle Super Magnet

1000mm x 10, 20M

0.6mm thickness and is 25% lighter than traditional vehicle magnet.

SYNTHETIC, POSTERS

Doggett Digital Latex PP5111

1320, 1600mm x 50, 100M

Latex compatible PP film, suitable for posters, banners, and POS applications.

JPP Outdoor PP Banner Matt

914, 1270mm x 50M

White PP film with high opacity low density film that delivers ideal transparency for outdoor light box and backlit posters.

Rhino Blockout Film PP SO420

240ums - 914, 1270, 1524mm x 30M, 914mm x 50M, 1270mm x 100M

PP film with a black inner core to prevent light transmission ideal for pull up banners.

Rhino SO510 Solvent PP 140gsm

914mm x 30M

A robust PP matt film ideal for a variety of POS applications.

Rhino Aqueous Blockout Film BA100

215gsm, 640, 910, 1067mm x 30M

Double sided printable white film with a black inner fore to prevent light transmission.

SIHL 3399 Grey Back 280 Plus Satin

914mm x 50M

A robust grey back satin finish ideal for a variety of POS applications.
