Wide Format Equipment

Ball & Doggett supplies a complete range of wide format printing and finishing solutions to support modern UV inkjet production environments.

UV inkjet printers enable direct printing onto both rigid and flexible substrates, making them ideal for applications including retail displays, signage panels, architectural graphics and point-of-sale displays.

To support efficient production workflows, Ball & Doggett also provides finishing solutions including digital cutting tables, CNC routers and laminators — enabling printed media and rigid boards to be quickly converted into finished display and signage products.

For more information on our complete wide format equipment and finishing solutions, speak with your Ball & Doggett Sales Executive.

UV Inkjet Printable Media Guide

RIGID MEDIA

Claycote B | E | E/B | C Flutes

1240 x 2450, 2450 x 1240, 2500 x 1600mm
Available various thickness and finish 2/sided, 1/sided, white or brown Australian made, light weight corrugated recycled board.

D Board Plus

1, 1.5, 2 and 3mm, 760 x 1020, 1020 x 760, 1040 x 1560, 1220 x 2440mm
Australian made, high quality multi-purpose display board.

EcoFlute

3 and 5mm, 1830 x 1220, 2440 x 1220mm
Economical twin wall polypropylene sheet for conversion into signage, packaging, display, surface protection and a multitude of other Industrial applications.

Eco Display Board

3, 5, 10, 16 and 20mm, 2440 x 1220mm
Expanded honeycomb core cardboard laminated between printable facing papers. Available in a white or kraft finish.

Palboard & Palight

2, 3 and 5mm – 1220 x 2440mm (Palight)
2 and 3mm – 1220 x 2440mm (Palboard)
Ideal foamed PVC board made specifically to cost effectively meet the stringent requirements of the large format print imaging industry.

Masterbond

0.15, 0.2mm skin, 3mm, 1220 x 2440mm
Available black or white and various finish options. Premium aluminium composite panel with a hi-tech easy peel film, leaving no residue on the panel.

Onyx Flute & Smooth Board

Various thickness and sizes available
Twin wall PP sheet for conversion into signage.

POP Foam Board

5, 10 and 20mm – 1220 x 2440mm
Lightweight polystyrene foam board
Lightweight polystyrene foam board. Also available in black.

Sharkskin Wet Strength Board

1.5 and 2mm thickness, 1220 x 2440mm
Wet strength board is the perfect solution for applications in challenging environments including moisture and humidity.

Warrior Board

3mm – 2050 x 1280mm
5mm – 2440 x 1220mm
Double sided PP face sheet with black PP bubble core board.

PAPER & BOARD

CityLight HQ200 Poster Paper

1320mm x 50, 100M
Paper contains wet strength properties and is water resistant with high levels of whiteness, excellent transformation, transparency, stability and printability which is essential for backlit applications.

Novatech Satin Rolls

200gsm – 1320mm x 50, 100, 200M
250gsm – 1320, 1600, 1650mm x 10M
FSC Certified, made Carbon Neutral and A2+ quality and economical coated paper.

Pearl 2/Sided Hi-Bulk Artboard

400gsm – 1320, 1600mm x 100M
Hi-quality bulky artboard paper delivering excellent print, folding and creasing performance.

Store Banner Opacified Board

260gsm – 1320, 1600mm x 100M
Excellent for hanging/poster board with highly opaque characteristics with no show through even against strong lighting.

SELF ADHESIVE VINYL

Avery Dennison

All grades - commonly 1370, 1520mm x 45, 50M
Extensive range cast, polymeric and monomeric self-adhesive films to suit all method of applications.

Metamark

All grades - commonly 1370, 1600mm x 50M
Extensive range cast, polymeric and monomeric self-adhesive films to suit all method of applications.

MasterTac Plus

All grades – commonly 1370, 1524mm x 50M
Innovative monomeric and polymeric self-adhesive films to suit all method of applications.

REPOSITIONABLE

Catalina PVC Electrostatic

1370mm x 45M, 1524mm x 91.44M
A soft PVC film designed to adhere to polished surfaces like glass and enamel. Available white or clear and had no adhesive.

Gecko PET Optically Clear – Ultra Removable

1524mm x 50M
Optically clear polyester window graphic film.

Jellyfish Solvent PET Optically Clear

1370mm x 30, 50, 200M
Polyester optically clear film using resin technology to prevent residue after removal.

Jellyfish PP White

1370mm x 25, 50, 100M
Thicker based polyester white film using resin technology to prevent residue after removal.

Yupo Octopus Eco Solvent WKE250

1270mm x 20M
100% bubble free and new generation suction type film - leaves no residue.

Yupo Octopus UV Inkjet WKO280 (outdoor)

1270mm x 50M
100% bubble free and new generation suction type film - leaves no residue designed for outdoor application.

ONE WAY VISION

Mastertac One-Way Vision Polymeric

1370mm x 50, 250M
An innovative grade 1.5mm hole with 40% open area for promotional window graphics.

Avery Dennison MPI 2529 Perforated

1370mm x 50, 100M
1.5mm hole with 40% open area for promotional window graphics.

Clear Focus One Way Vision – AutoVue & PromoVue

1370, 1520mm (Width)
Dual layered film with a gloss white printable side and a clear adhesive side.

WALL GRAPHIC

Avery Dennison MPI 2600 Wall Film Series

Available Canvas, Stone, Stucco and White Matt* Finish
1372mm x 22.86M, 1372mm x 45.7M* only
Matt white high performance polymeric calendered vinyl also available in 3 dimensional textures.

Catalina Wall Graphics

1370mm x 45M
White matt vinyl used for internal walls where clean removability is required.

Fusion Tex

1370, 1524mm x 30M
100% woven polyester fabric with a tinted adhesive used as an alternative to traditional wall paper.

Metamark Wall Art

1370mm x 30M
Repositionable Décor Wall Covering available Sandtex textured weave finish giving impactful graphics with deep tones, and excellent opacity with Metascape adhesive air channels for easy install handling.

SIHL 2515 Prepasted Non Woven

1067, 1370mm x 51M
Prepasted non-woven wall film with a satin finish.

FLOOR GRAPHIC

EZ Floor (R10)

1372mm x 25M
White polyester textured film with R10 certified slip rating ideal for indoor floor graphics.

MasterTac Alu-Foil Floor Graphic (R13)

1220mm x 15M
Print direct on this textured floor laminate with an aluminium adhesive suitable for outdoors.

MAGNETIC

MagneGrip Ino-Mag Magnetic Film

1370mm x 30M
Pre-magnetised media perfect for short run, on demand and personalised magnets.

MagenGrip Fridge Magnet

Available Gloss and Matt, 610, 1220mm x 15M
Fridge magnet has excellent machineability and can be cut, drilled, punched and die cut.

MagenGrip PVC Free Fridge Magnet

1220mm x 15M
PVC Free composition with excellent machinability and can be easily drilled, cut, punched and cut.

MagneGrip Receptive Ferrous Synthetic

1370mm x 50M, 1524, 1626mm x 30M
Made from iron powder, flexible and has the characteristic of flexible magnetic sheet.

MagenGrip Vehicle Magnet

Available Gloss and Matt, 2900gsm 610, 1000mm x 15M
Vehicle magnet great for outdoor use and can be removed from any vehicle easily.

MagneGrip Vehicle Super Magnet

1000mm x 10, 20M
0.6mm thickness and is 25% lighter than traditional vehicle magnet.

SYNTHETIC, POSTERS

Doggett Digital Latex PP5111

1320, 1600mm x 50, 100M
Latex compatible PP film, suitable for posters, banners, and POS applications.

Doggett Digital PP1111 Synthetic UV Inkjet

135gsm, 1175mm x 200M, 1285mm x 150, 200, 500M, 1320mm x 50, 300M, 1830, 1600mm x 100M,
204gsm, 1285mm x 100M
Cost effective PP media for poster and pull up banner.

Doggett Digital Synthetic UV Inkjet

154gsm, 1320mm x 50, 100, 120M, 1600mm x 100M, 1370mm x 50M, 1595mm x 100M, 1600
Advanced PP media designed specifically for screen and UV Inkjet printing.

JPP Outdoor PP Banner Matt

914, 1270mm x 50M
White PP film with high opacity low density film that delivers ideal transparency for outdoor light box and backlit posters.

Rhino Aqueous Blockout Film BA100

215gsm, 640, 910, 1067mm x 30M
Double sided printable white film with a black inner fore to prevent light transmission.

Rhino Blockout Film UV BPH235

179gsm, 1370, 1600mm x 100M
100% Opaque Film double sided print.

Rhino Mega Matt

144gsm, 1320, 1600mm x 100M
200gsm, 1320, 1600mm x 50, 100M
Advance PP film for applications including light boxes, bus shelter signage, posters.

Rhino Blockout Film PP SO420

240ums - 914, 1270, 1524mm x 30M, 914mm x 50M, 1270mm x 100M
PP film with a black inner core to prevent light transmission ideal for pull up banners.

Rhino PP Outdoor Poster

283gsm, 1320, 1600, 1620mm x 100M
Advance PP film for applications including light boxes, bus shelter signage, posters.

Rhino SO510 Solvent PP 140gsm

914mm x 30M
A robust PP matt film ideal for a variety of POS applications.
