

Metamark MM-CB

Chalkboard Décor Film

Product Description

Metamark MM-CB is a chalkboard film for use with conventional chalk or with suitable liquid chalk marker pens*. The film is ideal for creating blackboard-effect areas that can be used for various purposes. It can be applied directly onto walls and other surfaces within the décor environment, as well as menu boards, notice boards and much more. It benefits from a wide roll format, and a high grab adhesive. The product allows for a clean and easy installation, resulting in a professional finish. Markings can be wiped clean with a dry or damp cloth. The product can also be printed with UV Printers with white inks, for adding graphics to the film.
