Conquest Translucent

Creative Papers by Ball & Doggett

Conquest Translucent elevates communication by imbuing it with an evanescent nature and delicate nuance, accentuating transparency while embracing elements of elegance and refinement.

Mailers, brochures, sleeves for books: If you work with different levels of information, or if you want to accentuate details, Conquest Translucent is the ideal substrate. Its excellent printability and even transparency are its distinguishing features – yielding countless perfect results, from business reports to food packaging.
