

CMPC GC2

PRODUCT INFORMATION

CMPC GC2 is a high-quality, folding boxboard with a double clay-coated white front and a cream reverse side.

FSC® Certified (C102086) and manufactured from virgin fibre. CMPC GC2 is suitable for use in refrigerated and frozen environments and is safe for direct food contact. 100% recyclable and offers excellent stiffness and a smooth printing surface for quality performance across offset, gravure or flexographic presses.

STRUCTURE

MILL ACCREDITATIONS

- / FSC® Certified
- / FDA Approved - Food Contact Safe
- / Quality Management ISO 9001
- / Environmental Management ISO 14001
- / OH&S Management ISO 45001
- / PEFC reels available via indent

APPLICATIONS

- / Frozen & Chilled Food
- / Food packaging
- / Pharmaceuticals and Cosmetics
- / Food Services Industry
- / Electronics, FMCG and retail packaging
