

# General Purpose Masking Tape

## MEDIUM-TACK

A dependable, all-purpose masking tape designed for everyday use. Featuring a balanced medium tack, it adheres firmly to multiple surfaces yet removes cleanly without residue. Its durable crepe paper backing, easy tear, and heat resistance up to 80°C make it the go-to choice for painting, masking, bundling, and labelling tasks.

### FEATURES & BENEFITS

#### / Medium Tack, Natural Rubber Adhesive

Provides the perfect balance between strength and flexibility. It holds securely during use, yet peels away cleanly without lifting paint or leaving residue, even after extended application.

#### / Durable Crepe Paper Backing

Designed for reliability and ease of use. The flexible crepe paper tears neatly by hand, resists curling, and conforms effortlessly to irregular shapes, edges, and contours.

#### / Excellent Surface Conformability

Adapts to smooth or textured surfaces such as metal, wood, and painted walls. Ideal for achieving clean paint lines or secure wrapping in varied environments.

#### / Heat Resistant to 80°C

Performs consistently under moderate heat, making it suitable for workshops, paint drying booths, and other controlled environments where warmth is part of the process.

### APPLICATIONS

- / General painting and masking (walls, wood, metal)
- / Light packaging and bundling
- / Office, school, and workshop labelling
- / Craft and DIY projects
